

## REVIT ARCHITECTURE

Built for building information modeling (BIM), Autodesk® Revit® Architecture building design software helps architects and designers capture and analyze early concepts, and then better maintain designs through documentation and construction.

Gemini Animation has a pioneer name in Revit Architecture training and our purpose is to give you the complete set of knowledge. You learn here what is current market trend & we believe in practical exposer. Gemini Animation programme in Revit Architecture covers all the aspects.

### Essential

- Introduction to BIM & Revit Architecture
- Create and modify Levels
- Place and modify walls & complex walls
- Add and Modify wall profiles
- Place Doors, Windows & Components
- Views & Cameras
- Dimensions and Constraints
- Create Floors Ceilings
- Curtain Walls & Stairs
- Conceptual Models
- Annotation & Schedules
- Structural Elements
- Sheets and Title Blocks
- Render, Walk Through & Solar Study

### Advance

- In- Place Families
- Family Creation
- Site Design
- Component Groups
- Link Projects & Collaboration
- Design Phase
- Realistic Presentations
- Interference Check
- Import & Export
- Publish
